SCHOOL OF DESIGN
& CREATIVE STRATEGY

Undergraduate Programme

VISUAL COMMUNICATION & DIGITAL DESIGN

During this time of explosive data culture, the ability to convey messages in creative, visual and universally comprehensible ways has become an extremely powerful tool. Our 4-year programme trains students to infuse words and images with life and meaning, in ways that can persuade, educate, entertain or inform.

CURATED BY

DESIGNERS,

For The Future of Design

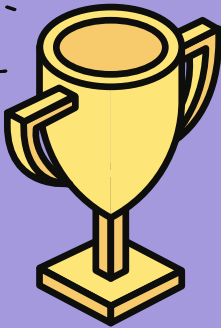

A design institute
where the academic
and professional
worlds converge.

Founded in 2001 by academicians and professionals from the world of creativity, design and communication. École Intuit Lab understands and strives to grow with international creative markets perfectly. Our programs produce highly skilled 'industry-read' professionals attuned to the needs of the world of business and equipped to adapt their creativity to meet them.

Career Possibilities

Visual Communication Design opens up opportunities for a variety of design careers like art direction, digital design, brand strategy, typography, advertising, illustration, communication, graphic design and a host of other creative specialisations.
